## How likely are you to recommend Debbie Faremouth?

highly likely

### Summary of their experience

One word describes Ms Faremouth, "tenacious". She made sure I was on track to have my house prepared to go on the market at a time that was most favorable to me the seller. Her experienced shows when giving advise to me in areas that I had not considered and I am pretty smart. My home was only on the market 6 days before having multiple offers with more than one offering my asking price. Then she got right on it with helping me find a new home to purchase. In 7 weeks my home went on the market, sold, I bought a new place and moved in. I am veey content with my decisions and don't think I could say that if I did not have Debbie's guidance.

As I told her. She is not in the business of selling homes. She is in the business of creating a future for others.

### Service provided

Listed and sold a home or lot/land

### Street address

8940 Gainsborough Ave, San Diego, CA 92129

### Year

2013
